

## NDARAKE LIMITED

Powerful data driven budgets through seamless integration.

### IDU EMPOWERED FINANCIAL MANAGEMENT

Ndarake Limited, a global proprietary software company uses idu-Concept for their Budgeting, Forecasting and Reporting enabling deeper insight into their operating costs, allowing better expense management and increased efficiencies,

idu-Concept integrates seamlessly with Xero making sure budgets are always up-to-date with the latest actuals data. Having instant access to up-to-date, accurate financial information has driven better decision-making for the Ndarake team.

The implementation of IDU ran very smoothly, the solution is cloud-based and extremely user-friendly, solving many of the problems previously experienced with spreadsheet-based budgeting. The finance team are able to administer the system and there is no need to rely on the IT Department.

Month-end reports are automated with the ability to extract useful insights at the click of a button, and even drill down into the general ledger if necessary.

**"Seamless integration with amazing customer support. IDU extracts real-time data from Xero, allowing us to report actuals against budget whilst having the ability to drill down to the transactional level." - Financial Manager, Ndarake Limited.**

### ABOUT IDU

IDU delivers top of class packaged budgeting, forecasting, performance management and reporting tools to simplify financial management. Our flagship product, idu-Concept, provides easy, effective budgeting and financial reporting for medium-sized to large businesses. idu-Concept integrates easily with ERP software, but unlike more cumbersome offerings, idu-Concept can be implemented quickly, requires little or no ongoing consulting fees and reduces budgeting cycles from months to weeks.
